

Microsoft Visio 2010: Level 2

Course Length: One day, 8:30am – 4:00pm

Course Description

Overview: This course is designed for a person who has an understanding of the basic workflow and the concept of end-to-end flowcharting.

Benefits: You will learn to create custom elements and a custom template, represent external data as a drawing, and share your work with others.

Prerequisites: To ensure your success, it is recommended that you take the following Element K course: Microsoft® Visio® 2010: Level 1.

Performance-based Objectives

Lesson objectives help students become comfortable with the course, and also provide a means to evaluate learning. Upon successful completion of this course, students will be able to:

- create a custom shape.
- design a custom stencil.
- design styles and templates.
- design a floor plan.
- represent external data in Visio.
- share your work..
